KEY STANDARD EQUIPMENT

Construction

- Our reputation rests on the patented displacement hull design that provides the softest ride on the water when compared to any boat its size
- 100% hand-laid fiberglass hull and deck with fail safe, foam-filled, double-hull bottom. Large locker in the bow (that typically runs 6-feet aft) is foam-filled above the water line. The compartment
- Stern of the hull is reinforced with Kevlar and 6-to-10 layers of 24-ounce woven roving
- The integrated grid structure includes 7 to 10 full-width athwartship bulkheads ranging in height from 7-24 inches. Additionally, multiple ribs and stringers are combined with these bulkheads to furt
- Ten-year limited, transferable, structural hull warranty
- Full 316 stainless steel hardware package
- Premium marine grade vinyl and foam used on all upholstery
- Standard Artic White Gel Coat
- Bow pulpit with roller and cleat
- Stainless steel cup holders
- Aft coaming pads
- Anchor Locker

Safety

- NMMA Certified using ABYC standards
- 4-automatic bilge pumps with float switch: 2 x 1500 GPH aft and 2 x 500 GPH forward
- Self-bailing cockpit utilizing gravity to quickly drain your deck
- Battery management system monitors and charges all three battery banks while allowing for emergency paralleling for increased safety
- Molded-in diamond pattern non-skid on all walking surfaces
- LED cockpit and navigational lighting
- Hydraulic steering system with tilt-helm and an Edson wheel with a power knob
- Water-resistant bilge hatches with compression gaskets in motor-wells to provide bilge pump access and serviceability
- Marine-grade wireharness
- Horn and compass
